

Shuo Wang

shuowang@u.nus.edu [Website](#) [GitHub](#) [LinkedIn](#)

Education

National University of Singapore

Master's student Singapore, Singapore

Research: Game Studies · Computational Social Science · Digital Humanities 2025 – Present

Ocean University of China

B.A. in Political Science and Public Administration Qingdao, China

Outstanding Graduate | Chuying Excellence Scholarship 2021 – 2025

Thesis: Institution, Context, and Action: A Text-Mining Analysis of Crisis Evolution in China's Major Disaster Accidents (Advisor: Xue Wang)

Publication

CONFERENCE PROCEEDINGS

Shuo Wang. 2026. **Label Offensive and Defensive in Interest-Based Battlefields: Identity Politics and Public Opinion Polarization in China's ACG Communities.** In Proceedings of DiGRA 2026 (DiGRA '26). (Accepted)

Shuo Wang and Bin Yi Yang. 2026. **Governing Platform Entry: ASEAN States and the Politics of Chinese Esports Infrastructure.** In 6th Consortium for Southeast Asian Studies in Asia Biennial Conference (SEASIA 2026), NTU Singapore.

CONFERENCE TALKS & POSTERS

Shuo Wang and Xue Wang*. 2026. **Alone in the Crowd? Urban Population Density and Loneliness Expression on Chinese Social Media.** International Conference on Computational Social Science (IC2S2 2026), Burlington, VT, USA. (Parallel Talk)

Shuo Wang and Xue Wang*. 2026. **Who Decides What's Toxic? How Player Identity Shapes Social Perception of Toxicity in Online Game Communities.** NLPercep Workshop @ ICWSM 2026. (Poster)

Shuo Wang. 2025. **Spatiotemporal-Aware Precise Optimization of Bus Stop Layout in Aging Urban Districts: A Multi-Objective Model Driven by STGCN.** 4th “Frontiers of OR & AI in Industry” Workshop, Peking University Shenzhen. (Poster)

UNDER REVIEW

Hongyang Zhang, Yu Lu Jin, and **Shuo Wang***. **Institutional Blame-Shifting, Cultural Context, and the Erosion of Collective Efficacy: An LLM-Based Simulation and Survey Approach.** Under review at *Social Networks* (1st round). (*corresponding author)

IN PREPARATION

Shuo Wang. **A Computational Semantic Analysis of the “Neo-Confucianization” of Wang Yangming's Military Discourse.** Working paper, within the Playing Heaven project (Schmidt Sciences HAVI).

Research Experience

Research Assistant | CALM Lab

2026 – Present

National University of Singapore, Singapore

Advisor: Prof. Yumeng Hou

- Playing Heaven: Remapping Early Modern Neo-Confucian Worlds with AI (Schmidt Sciences HAVI, 2025; PIs: Javier Cha, Michael Chung, Yumeng Hou & Miguel Escobar Varela)
- Built a VLM (Qwen3-VL) pipeline extracting structured data from 26 historical manuals; modeling semantic change of Neo-Confucian concepts

Research Assistant | PGSC Laboratory

2025.04 – 2025.10

The Hong Kong University of Science and Technology (Guangzhou), China

- Built sustainability-policy and carbon-metric databases for 20+ countries (Python/Pandas); automated statistical framework cut data error rate from 32% to 8%

Research Assistant | Institute of Public Safety and Risk Governance 2023 - 2025
Ocean University of China, Qingdao, China

- ML risk-analysis models for public-safety scenarios (scikit-learn, XGBoost); classification and early-warning pipelines
- Participant, NSSFC Key Project 21AZZ014 (resilience governance of coastal megacities) and Shandong NSF Youth Project ZR2023QG090 (public-opinion polarization in emergencies)

Research Assistant | Sustainable Guidelines Research Center 2023.05 - 2023.08
Central University of Finance and Economics, Beijing, China

- Integrated 300+ county-level climate simulation datasets (Python/SQL); 4 literature reviews supporting two policy briefs

Research Volunteer | Sustainable Development Laboratory 2023.08 - 2023.10
Duke Kunshan University, Kunshan, China

- Processed 500+ infrared camera images (12 species, 92% accuracy); GIS mapping of human-wildlife correlations

Ongoing Project | Algorithmic Selection and Value Alienation in the Esports Labor Market
Participant, with Runyi Ma and Yining Fang

- Ladder-rank “digital meritocracy” in professional LoL: entry, selection, and valuation via multi-source scraping, logistic regression, and survival analysis

Work Experience

Strategy Product Intern | Bilibili — Data Strategy Group 2025.04 - 2025.06

Product Planning Intern | Tencent — Interactive Entertainment Group 2024.07 - 2024.10

ACGN Operation Intern | Sina Weibo 2023.10 - 2024.06

Operation Intern | Hero Games — Nebula Business Unit 2023.06 - 2023.09

Teaching Experience

Teaching Assistant | Academic English (Ocean University of China) 2024 Winter

Teaching Assistant | Logic (Ocean University of China) 2022 Spring

Awards, Honor & Scholarships

Outstanding Graduate, Ocean University of China 2025

Chuying Excellence Scholarship (储英卓越奖学金), Ocean University of China 2024

Skills

Methods: NLP & text mining (LDA), machine learning, agent- & LLM-based simulation, survival analysis, spatial-temporal modeling

Tools: Python · SQL · Stata · SPSS · GIS · Git

Languages: Mandarin (native) · English (advanced) · Spanish (intermediate)
